THE STORY

There are multiple stories in the Maxi & Helium universe. They include our main story found in the chapter books as well as Christmas and bed time stories.

The main story is found in the chapter books. Today there are two stories divided in five books each, ten books in total.

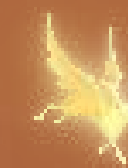

The story build on the two mice Maxi & Helium who are twins. They wake up under a couch in the human world. Luckily for them they ended up in the care of the kind human Camilla.

One day a mysterious hole in the wall appears. The mice, while frightened and curious, explore the mysterious hole and - Boom! They are transported to the magical Animal Kingdom!

It is soon revealed that Maxi & Helium are the Prince and Princess of the animal kingdom. But their new kingdom is in danger from the Hunter Doves.

Their parents, the King and Queen, have hidden the Golden Cheese to not let it into the hands of the evil Hunter Doves.

Maxi & Helium are the only ones who can trace where their parents hid the cheese, by following their scent. Now their adventures begin, among many new friends and enemies.

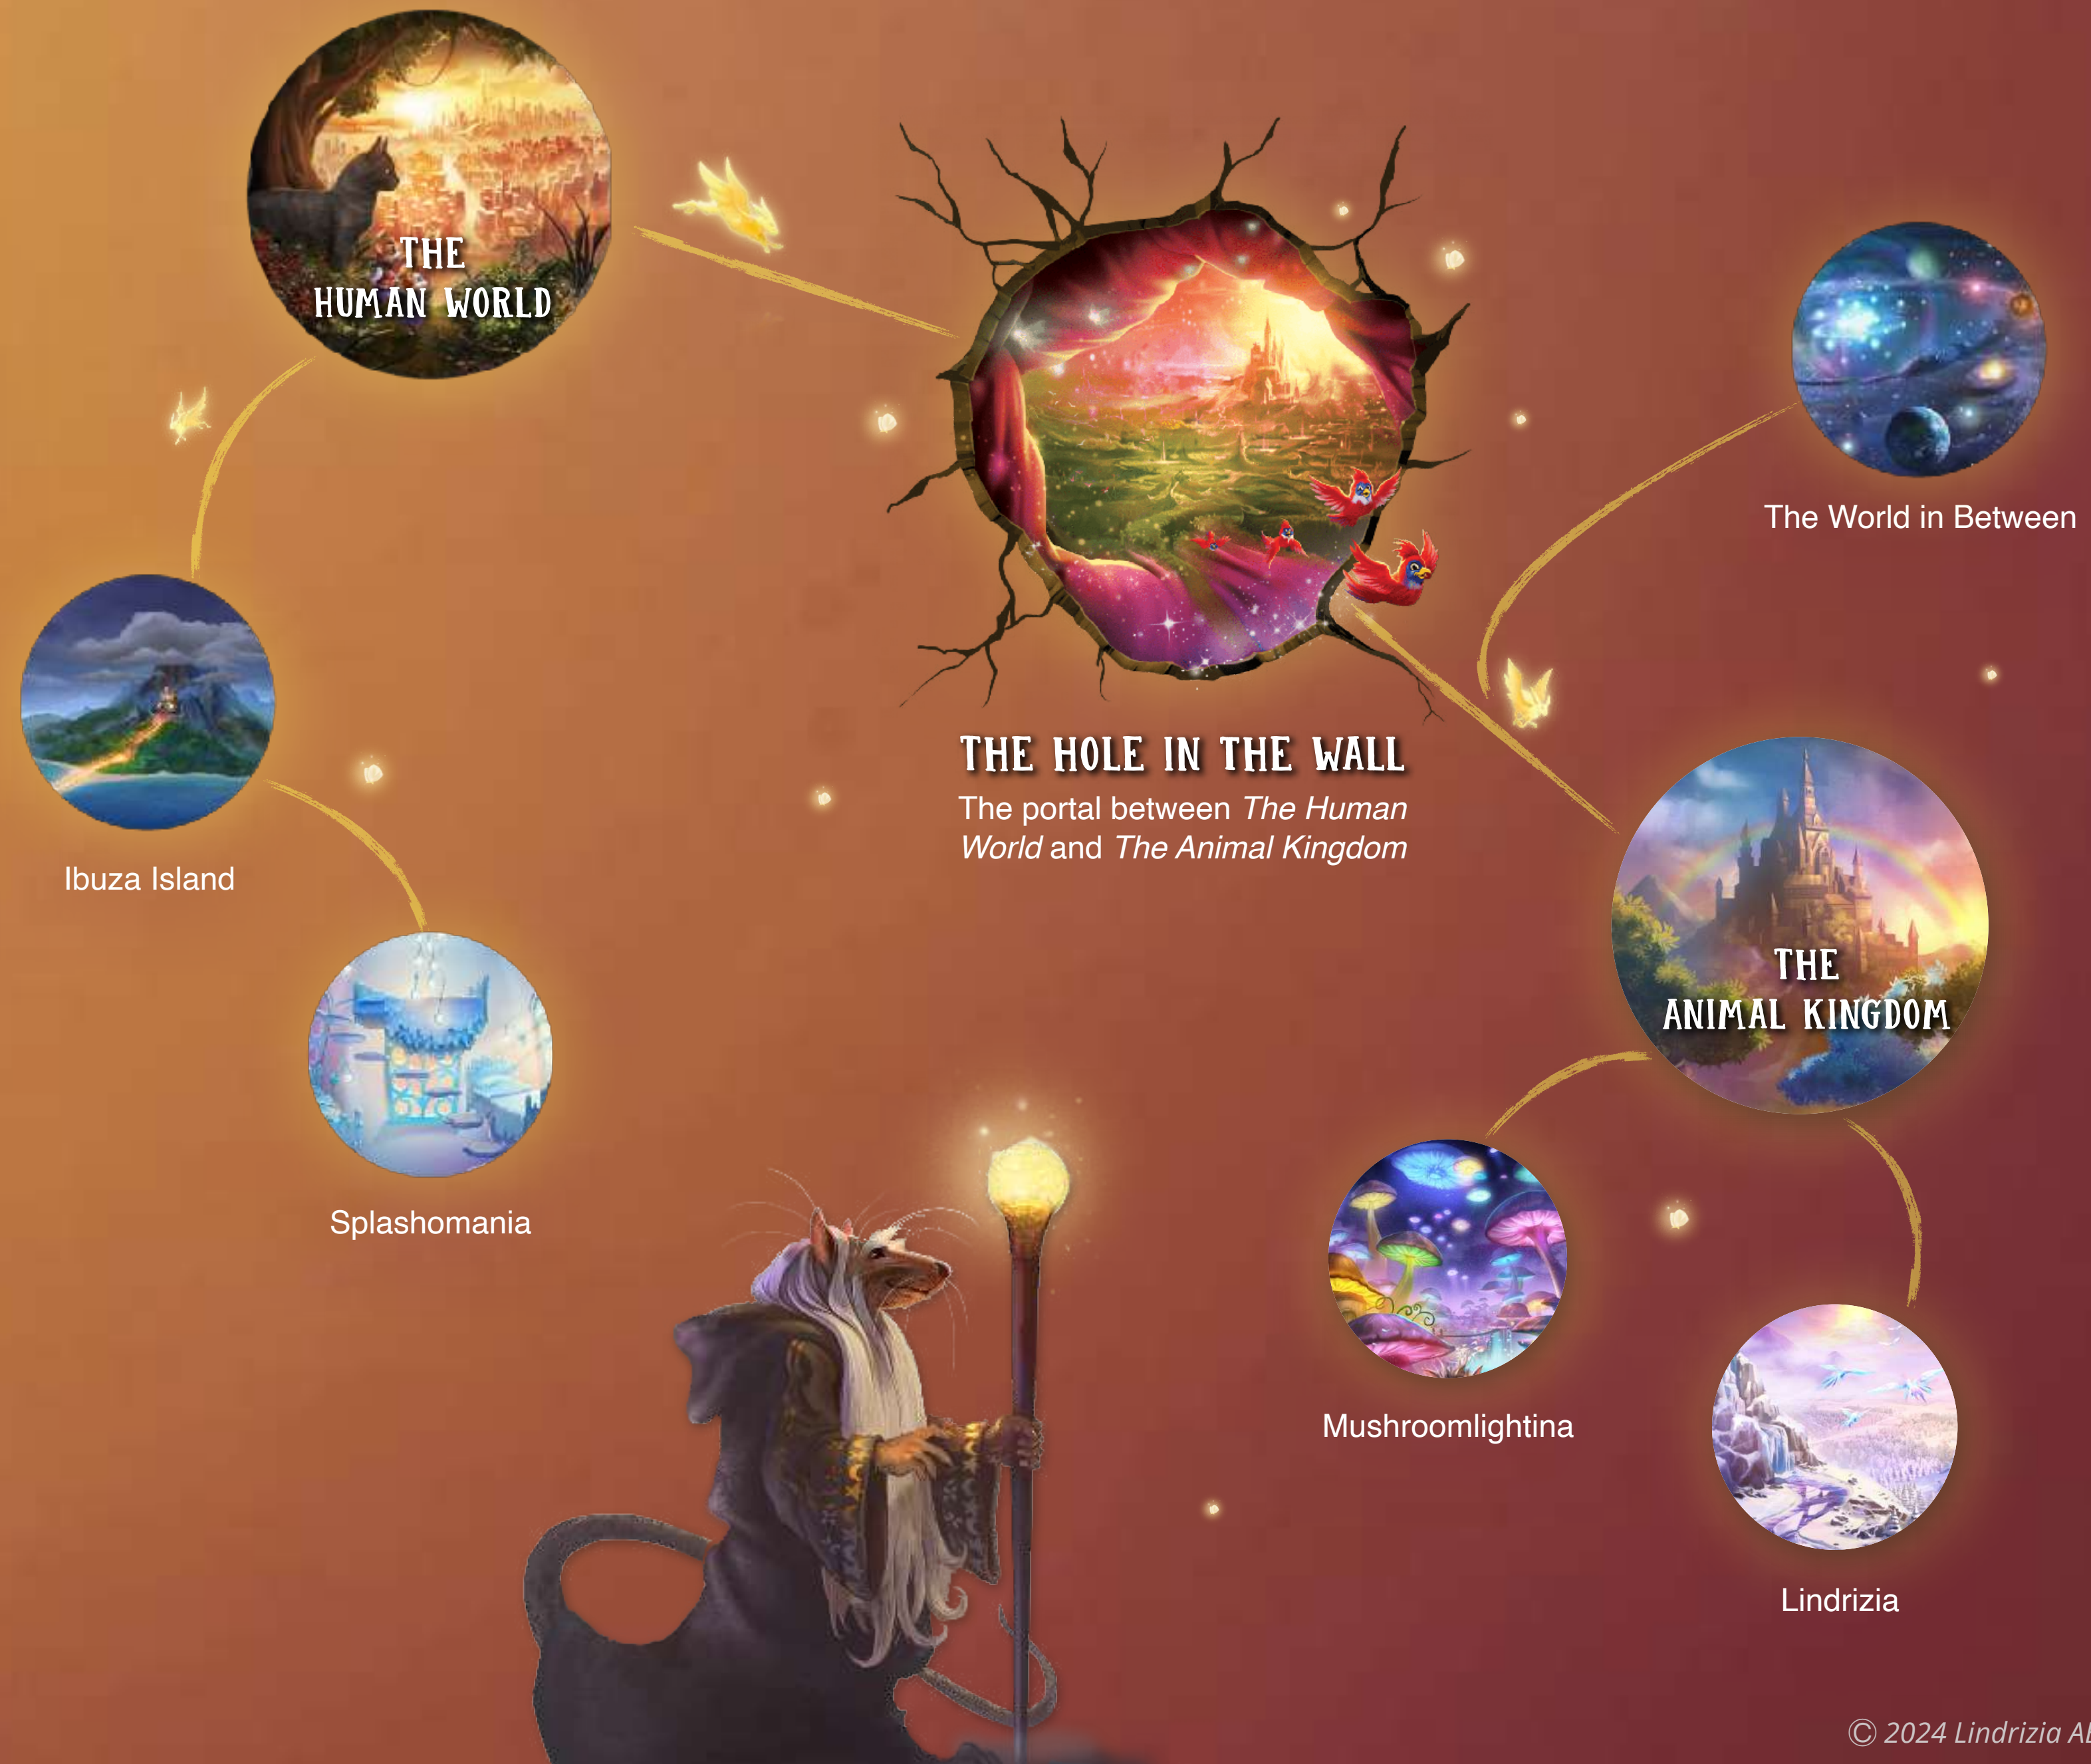

THE UNIVERSE

The Maxi & Helium universe consists of multiple worlds connected through various portals between the worlds. Our own, the human world, is just one of many worlds to explore!

VISION

Maxi & Heliums vision is to spread magic to as many children as possible around the world.

But magic can not just appear out of thin air. It is us who create the magic. And no one is better at conjuring magic than children.

Therefor Maxi & Helium want to teach all children the *five* ingredients to conjuring magic:

Magic is when we find true meaning in our lives, when we are authentic to ourselves, generous to others, use our imagination and show courage to stand up for ourselves and others!

If we all could learn the five ingredients to magic from Maxi & Helium, the world would be a better and more *magical* place to live in.

CORE VALUES

Our core value is MAGIC.

As you read in our vision, magic consists of five key ingredients; Meaning, Authenticity, Generosity, Imagination and Courage.

Our values are what drive our stories and our business forward. It's the core of what Maxi & Helium, as well as their friends, want to bring into the world.

MAGIC

MEANING

Magic is when we find meaning in our lives.

COURAGE
