

A vibrant, fantastical landscape. In the foreground, two anthropomorphic mice stand on a stone ledge. The male mouse on the left is brown and white, wearing a red vest and blue pants, with his arms outstretched. The female mouse on the right is white with a purple dress and a purple bow in her hair, pointing towards the right. Behind them, a city with tall buildings stretches across the middle ground. To the right, a lush green forest with large, pink-blossomed trees is visible. In the upper right, a floating island with a castle and waterfalls is seen against a blue sky with a bright sun and rays. Two orange butterflies are flying in the sky. The title 'EN OVÄNTAD VÄNDNING' is written in a bold, black, serif font on a white, torn-edge banner that spans across the middle of the image.
